Meet Century's Excess/Umbrella Team

Century's Excess/Umbrella Team Welcomes New Talent

You may have recently noticed some new names when working with Century's Excess/Umbrella Division.

Seth Kleinman takes the helm as Vice President of Excess/Umbrella. Seth served the past seven years in Century's Claims Division. During his tenure in Claims, Seth handled professional claims, premises liability claims, and almost everything in between. Most recently, Seth served the Claims Division as an in-house Litigation Counsel, where he was tasked with helping outside counsel defend coverage actions and bad faith litigation.

Josh Cook and **Angela McKenzie** have also joined your Century Excess team. Both previously worked in Century's Policy Services Department which helped them hit the ground running and become valuable members to the team.

"Our team recognizes that more often than not, excess is the last piece of the puzzle and demands quick turnaround. Maintaining turnaround times measured in hours, not days, continues to be of paramount importance to our success."
- Seth Kleinman
